

THE YALE BRAND

Yale is trusted by millions of people every day to keep what's important to them safe. Our innovations have protected their homes, families and belongings for over 180 years. We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. Because we always make every effort to push the boundaries in a changing world. We were there for your grandparents (and probably theirs) and we'll be there for your children. Today, and every day to come.

Part of ASSA ABLOY

The VEKA OMNIA compatible range from Yale

The perfect match for PAS 24:2022 compliance.

The VEKA OMNIA compatible range

Security meets innovation

Yale is leading the way in security innovation to provide a complete, fully PAS24:2022-compliant hardware package for OMNIA, the pioneering double flush, double rebated window and door profile from VEKA. Designed for seamless compatibility, superior security, and effortless adoption, our solution helps fabricators enhance their offering with confidence.

Every component in our hardware package has undergone rigorous testing to meet PAS24:2022 standards, delivering exceptional protection for both fabricators and end-users. The package includes:

- Lockmaster 21 Multipoint Door Lock
- Platinum 3-Star Cylinder
- Shootbolt & Encloser Window Locks
- Friction Stay Hinges
- Ancillary Security Devices

For enhanced security, we have incorporated Mila's ProSecure Security Hinge—part of the ASSA ABLOY Group—creating a fully optimised and cohesive security solution.

Fabricators can leverage existing test evidence, eliminating additional testing costs and accelerating the transition to Yale hardware. Our cost-effective solution ensures a faster route to PAS24 compliance without compromising on security or performance.

Choose Yale's industry-leading hardware package for VEKA OMNIA—where security, efficiency, and innovation come together.

Lockmaster 21 (172) Door Lock

- Lockmaster's signature hook and pin unit has been carefully positioned within 100mm of the pre-compression rollers
- Strengthened centre case with reverser offering enhanced security for added peace of mind
- Sprung and Unsprung centres with anti-separation hook as standard
- Pre-compression rollers
- Easy reversible latch bolt
- Tested as part of a PAS 24:2022 doorset

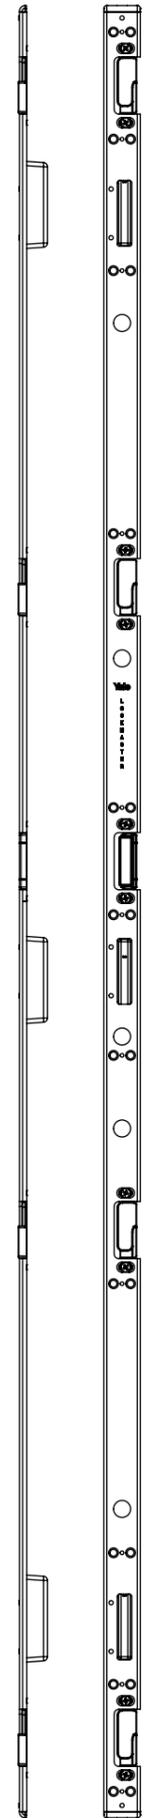

Lockmaster 21 (172) One Piece Keep

- 13mm axis handed one piece keep for durability and corrosion resistance, with a bespoke packer to secure to OMNIA Profile
- +/- 2mm compression adjustment
- Screw-in strengthened plastic tidy-boxes offering improved longevity and a more aesthetically pleasing look

Mila Prosecure Security HD Flush Door Hinge

- Security tested to PAS 24: 2022
- Highly corrosion resistant to BS EN 1670:2007 Grade 5
- Ultra-long life assured – tested to BS EN 1670:2007 achieving 200,00 cycles under 100kg load
- With sub-40 second fitting times achieved under test conditions, the ProSecure Pace Security hinge has been designed to speed up door fabrication without compromising on quality and aesthetics
- Quick and fuss-free 3D adjustment (+/- 5mm lateral, + 5mm vertical and +/- 1mm compression adjustment)
- Captive hinge lid means fixing screws are easy to access for a faster, straight-forward fit
- Rubber tongue keeps hinge lid open until installation is finished
- Static-cling TechTape provides scratch-protection during transit, fitting and installation
- 13 different finishes available

Yale Encloser Lock

- Bi-directional locking cams
- 7.7mm, 9mm and 10.5mm mushroom cam heights 20mm and 22mm backset variants
- Simple compression adjustment
- Suitable for sash sizes 270mm to 1400mm
- 7 models covering 2, 4 and 6 mushrooms
- Suitable for use on PVC, Aluminium and Timber

Yale Friction Hinges

- Excellent weather sealing and draught proofing performance from extended enclosed end cap and asymmetrical vent arm.
- Compatible with PVCu, timber and aluminium windows
- Standard and highline stack heights
- Slider with friction
- Made from ferritic stainless steel
- 10-Year Mechanical Guarantee
- Included in the Lifetime Guarantee (Terms and conditions apply)

Window Security

A secure solution to windows offering easy egress without affecting the opening and closing performance of the hinge.

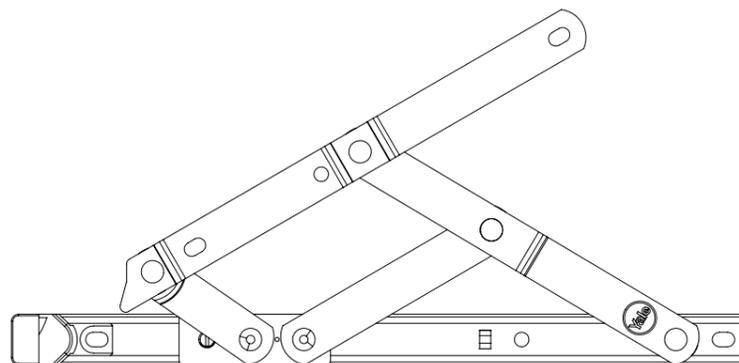

Features

- Visibly effective yet unobtrusive
- Suitable for cavity sizes from 13mm to 18mm
- Easy to fit - no routing required
- Pressed stainless
- Yale branded
- 1 set of 4 required per vent

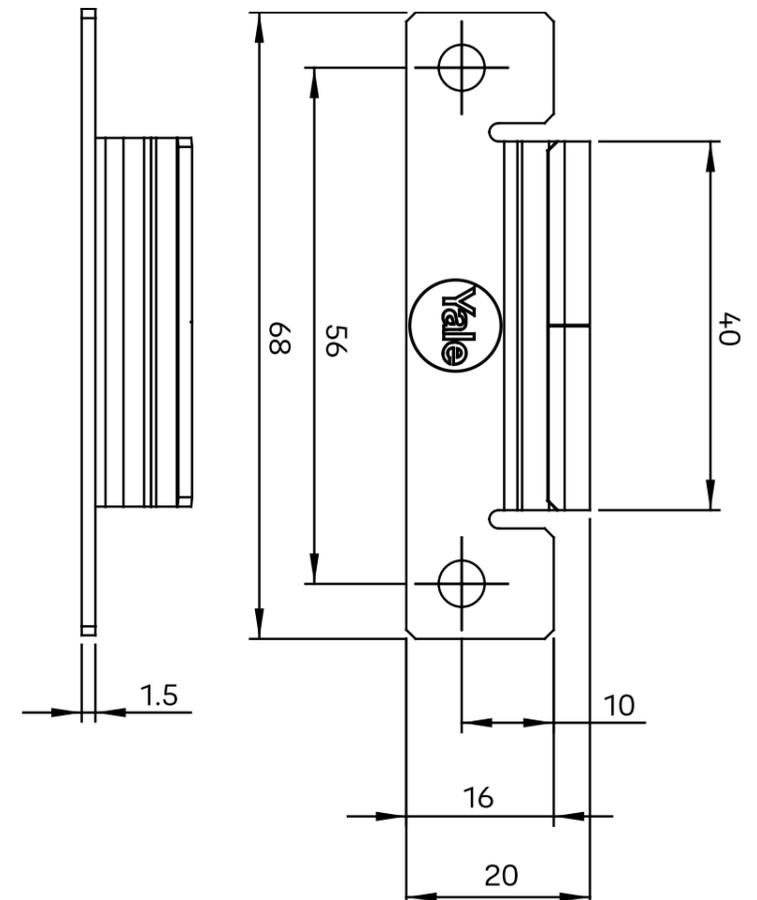

Part Numbers - Top hung and side hung

Defender Friction Hinges

- Improved weather sealing and draught proofing performance from extended enclosed end cap and asymmetrical vent arm form to BS 6375-1
- Lipped slider for enhanced smooth operation
- Easy friction adjustment without metal to metal contact
- Unique robust cam friction device eliminates the risk of screw misuse
- Ability to carry a load of up to 50kg top-hung and 40kg side-hung
- Asymmetric location system for reliable and accurate closure
- Enclosed end cap to prevent ingress of debris and provide increased cavity tolerance
- Slot-hole-slot format allowing for easier vent adjustment
- Highline variants available for deeper profiles with cavities between 16mm and 18mm
- Available in ferritic 430* as standard or austenitic 304* stainless steel for enhanced corrosion resistance
- Restricted variant available
